Hi Nicholas,

As you have ignored my request for the full refund regarding the services you have never provided I have reported your deception to paypal, my credit card provider and Texas consumer protection Attorney.

Whatever is written on your website is complete opposite of what you actually do. Your actions are putting the whole industry in disrepute.

I will use forums,blogs,websites to make sure people are aware of your actions.

Kind regards

Dragutin

Subject: Re: The Ultimate You Letter

Hi Nicholas,

Just to remind you, you did send one letter (with the different title), which I returned to you saying it is nothing to do with my project as it is not related to it.I sent you a list of comments,the basis on which you should write the letter.

You replied saying you will create another letter and the one I returned to you could be used as the sales letter for back-end product.

I replied to you with an example of Mike Milligan's letter (he used it for his back-end product).

It means a sales letter for the front end product is to be written and Mike's letter to be used to give you an idea how to write the sales letter for the back-end product (you said this letter would come with 3 different landing pages - autoresponders).

I am afraid but none of this is done and it is almost 3 months we have started.

It is not acceptable by any standards.

I sent you an e-mail on 08/02/2010 and only after almost 3 weeks and other e-mails you are responding. It is unprofessional.

I paid for everything upfront and it would be a different story if you received the payment upon the delivery of the requested services and satisfying standards.

As far as I am concerned I have not received the letters I paid for and I do not want to wait any longer.

Kind regards

Dragutin

Subject: Re: The Ultimate You Letter

Hello,

I sent you your letter way back in January, so nothing can be further from the truth when you say nothing has been done. The fact that you said you received copy from me proves that I did send it over.

But anyway, on to another comment you made: I never sent you altered copy (this also proves that I did send you your copy)...you are free to check it and I'm 100% certain that nothing will come up because you were provided with 100% original material.

Now I hate to tell you, but what you're selling is what's not original and has been altered from the million other same things out there that people are selling. There's nothing different about what you're selling.

However, the copy I gave you way back in January makes your product seem like it is different, but in reality it's not.

Now anything that I can do to help you I am open and willing to do that. That's no problem.

Here's YOUR access to....."

"The secrets behind the fastest & easiest ways to step to insane online profits..."

"Right now people just like you are getting the exact same system straight from the horse's mouth----Yes, the gurus themselves----on how to make money from the comfort of your own home for less than what you would pay for a pair of gym shoes"

And.....

- You don't have to have a ton of money to spend

- You don't have to have any Internet marketing experience
- You **DO** have to have the guts to take a chance

Dear friend,

Do you wish you could:

- Make money 24/7 even while you sleep.....virtually without lifting a finger?
- Quit your 9 to 5 and run your very own Internet marketing empire that reels in fast & easy cash for you, minute after minute?
- Stop living pay check to pay check and start living the life that you truly deserve & be able to work when you want, for however long you want to work---and still make big money whether you work or not?
- Free yourself from financial worry & stress & have more time to spend with your kids, spouse, family, friends, and even yourself?

If you said yes to any of these questions, then I have good news for you, because in just minutes from now you are going to learn about a new, breakthrough system that empowers YOU with the ability to go from dead broke to making big bucks----in not months----not weeks, but in just days from now!

I'll tell you more about that in a minute, but first, let me introduce myself.

Hi, my name is **XXXX**, a successful online marketer, who just a few short years ago was just like you--
-wanting, wishing, and praying for a better life.

In fact, there are only 3 things that I've really ever wanted in life (in no particular order) and that's...

No. 1: Money....to where I could do whatever I wanted, whenever I wanted & not worry about how the bills would get paid

No. 2: For people to like me---Having lots of friends, and family to share my life and success with

No. 3: Spiritual completeness to where everything in my life has balance & I'm completely happy with my spiritual relationship.

Those are the three things that do it for me and I suspect that at least one of those, if not all three, are what you want for yourself.

Well I'm living proof that you can trade in your current situation and have all three and more in just days from now.

How do I know this you ask?

I'll be real with you: Like I said before, just a few short years ago, I was in the exact same spot you're in right now----broke, looking for a way out, and simply wanting more out of life, but little did I know, the answer had been sitting smack dead in my face the entire time.

There's a goldmine of wealth to be made on the Internet & I'm going to give you everything that you'll ever need to reel in huge profits from Day 1.....

So why am I doing this?

The short answer is.....I know what you're going through. I've been there myself and I know that you are so wary of all the get-rich-quick schemes you've found on the internet, and **you just want a proven, simple way to earn honest income with a little bit of work.**

Heck, I'm willing to bet that you've even tried some of the systems and programs that are available out there-----And there are a million of them.

The problem is, most of these “systems” are not systems at all. They are ebooks or programs that give you a few ideas for making money, and if you’ve tried some, I’m betting **they really didn’t help you at all.**

Sure, almost everyone nowadays has a money-back guarantee, so maybe you haven’t lost any money, but you have lost something else—trust. You no longer trust and believe that the secret to your online wealth is out there.

Well, I’m here to earn back that trust.

I will help you master online wealth techniques

I have a **complete, incredibly powerful set of DVDs**—that shows you step-by-step what to do and how to do it to earn truck loads of passive income on the internet, regardless of what your niche is!

There are **5 steps** behind insane internet income and they are...

- Having a money making idea
- Website & product creation
- Traffic generation
- Back end follow up
- Duplicating your profits for even more profits

Each of these steps is equally important in being an internet marketing success, and each step is detailed thoroughly in these **easy-to-understand** DVDs that you're about to have complete access to.

And once you learn and master these, you'll:

- ✓ Be able to go from being dead broke to banking big bucks fast

- ✓ Be able to sell your or anyone else's product and experience huge pay days month after month, year after year

- ✓ Be a success at marketing & be able to quit your day job

- ✓ Have access to techniques and methods that will make your past failures and disappointments nothing more than a distant memory of your life

- ✓ Experience the level of success that top marketing gurus experience day-in and day-out

I know all of that sounds great, but I won't just throw stuff like that out there without showing you that.....

I'm living **PROOF that these amazing DVDs
really works**

With the help of the techniques revealed in these amazing DVDs.....

- ✓ I now live in my dream home
- ✓ I can buy all of the things (and expensive toys) that I want
- ✓ I buy my wife jewelry and diamonds for “Just Because” gifts
- ✓ I do what I want, when I want
- ✓ I take vacations worldwide and see things most people only dream about
- ✓ I’m able to give my family the life I’ve always wanted them to have
- ✓ I’m able to make large donations to local and national charities
- ✓ I’m able to make an endless amount of income on the internet
- ✓ I have no financial worries and I am completely secure and happy
- ✓ I finally have the time to help others succeed just like I have online

But believe me when I say that it wasn’t always this way.

You see.....it wasn’t that long ago that I was slaving away, day after day working at a 9-5 job, often times working evenings ‘til late when most people are at home with their families!

My life with my family was like ships passing in the night a lot of the time---I barely had time to spend with them!

I knew that I couldn't continue living my life this way and that's when I decided to make a change and I did it using the exact same system that has made thousands of ordinary people just like you Internet millionaires.

This amazing system was **revealed during a closed-door convention** here in the UK.

But the good news for you is that today, I'm going to share everything revealed at this profit-producing convention to you in a DVD series.

Yes, TODAY, I'm handing YOU the blueprint to living the life that you've always wished, hoped & prayed that you could live.

In these breakthrough DVDs, you'll discover the online secrets used by some of the world's most successful online marketers, empowering you with the knowledge, guidance, and insight that you need to create **the ideal Internet business** the same system that I've used to build and grow my wealth.

And once you get your hands on these one-of-a-kind DVDs, **you'll:**

- ✓ Make 1,000 pounds or more a month in fast & easy passive income

- ✓ Finally be able to quit your day job and make huge profits---at home---- in your pajamas

- ✓ Go from dead broke to banking big bucks in record time

- ✓ Build your very own Internet marketing empire, virtually without lifting a finger

And with this revolutionary opportunity that I've been telling you about, **making fast and easy cash will be a breeze for you from this day forward!**

🚀 There's no more wasting time wishing, hoping & praying for a better life---you'll experience it

🚀 There's no more trying to figure out how other marketers are reeling in big money—you'll be doing it too

🚀 There's no real thinking, guessing or work to do on your part

With these one-of-a-kind DVDs, you'll:

- Have the ability to make money 24/7 even while you sleep
- Boost your sales while slashing your overhead in half!
- Get that extra edge you need to take your online business to the next level of success

You'll experience all of that and more once you say yes to the:

The Ultimate You DVDs

This one-of-a-kind system is packed with tested and proven strategies that will provide you with nothing but profit-producing results!

Unlike many products on the market today, these amazing DVDs aren't just filled with hype and unrealistic income promises.

With The Ultimate You DVDs, **you'll get the real deal**, so you'll be able to cut through all of the get-rich quick jargon and finally be exposed to techniques and methods that really work!

Once you say yes to these unique DVDs.....

You'll have everything you need to know to be a complete success

Like I told you earlier, I've been in your situation before. Frustrated with my regular job, mediocre income, and trying to find a way to **break out of the rat race** and work and live on my own terms.

I have to admit, for a while, I got a little lost. I was making money working on my job, but was working 60+ hours a week to do it. That was not exactly what I had in mind for a good life for myself, and I'm pretty sure that you don't want to live your life this way either.

So, a few years ago, I finally had **my ahhh-ha moment** and, through this amazing seminar series, I discovered the secret to online wealth----and before I knew it, **my income tripled while working only a few hours a week!!!!**

Hello...

Your project is coming along well. It will be ready by MOnday-Tuesday at the latest. Please let me know that this is fine with you. Normally you would ave had it sooner. The holidays kind of alters work schedules.

Again, thanks!
